

TRANQUILLO

Wall mounted progression valve

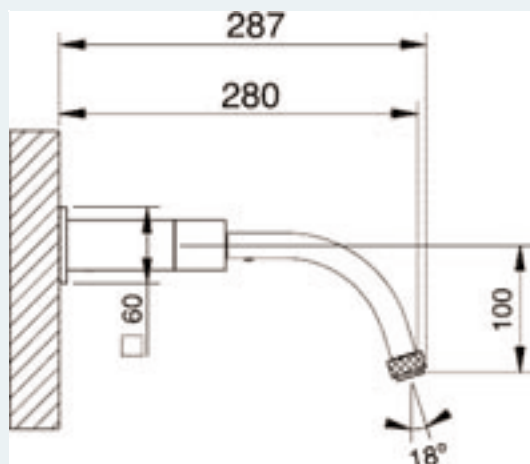

The *Tranquillo* wall mounted progression valve tap provides an alternative to the traditional method of installing a kitchen tap. A wall mounted tap allows a smooth run of worktop with no obstructions. Combining progression valve technology and stunning cubic styling, the *Tranquillo* is the perfect accompaniment to any minimalist kitchen environment.

It is available in a stunning chrome or brushed steel finish.

TRANQUILLO

Wall mounted progression valve

Chrome

TP0470

Brushed Steel

TP0471

Progression valves are the latest advancement in tap technology. To operate, simply turn the control in the centre of the tap - there are no levers to twist or pull. the control at the end of the spout allows the selection of the type of flow output. this style of operation creates a simple, minimalist design.
